

Clutch Plates & Pressure, Face Plates

Easy & smooth clutch operation without any grab or slip • Optimum hardness & case depth for longer life • Good wear resistance & tensile strength for reliability and durability • Excellent quality frictional facings for efficient power transmission

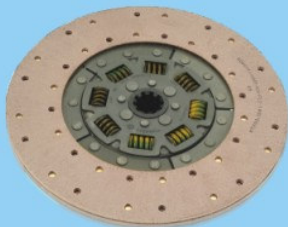

Leyparts stands for the comprehensive range of genuine spares for Ashok Leyland vehicles and engines with 100% conformity to OE specifications. Leyparts are easily available through an extensive network of Ashok Leyland Dealers / Distributors and also the Retail outlets across the country.

Clutch Plates & Pressure / Face Plates

Conventional asbestos & non-asbestos Clutch Plates for AL Vehicles

Ceramic Clutch Plates for AL Vehicles

Look for Original Leyparts Pack

Pressure / Face Plates for all AL Vehicles

Leyparts Clutch Plates

- Co-efficient of friction, burst strength, specific gravity, wear properties are checked properly to avoid grab or slip in operation, easy disengagement, lesser wear & tear.
- Hub spline hardness, case depth, squareness are checked with sophisticated metallurgical equipment to ensure easy clutch engagement.
- Spring slot hardness and case depth are checked in sophisticated equipments to prevent premature failures and ensure long life.
- Clutch plate damper springs are tested in endurance test rig for 100,000 cycles.
- Springs are held in special spring plate with material of specified rating that provides requisite damping against torsional loads and vibrations to avoid rattling.
